E-Communications

The Value of E-Communications

Since October of 2021, The Fauquier Chamber of Commerce set forth a strategic approach to e-blast communications. We were very aware of the difference between quality and quantity and placed focus on the content of the message, not how many times we sent it.

We believe the value of e-marketing is determined by the reader, not the sender and it will remain our goal to build credibility with membership by staying in contact and keeping up to date with issues and resources that matter to business. We are please that our strategy has shown success based on feedback from membership as well as the mountains of collected data that all support a consensus that membership overall is finding value in our communications and we are not overwhelming inboxes.

We are now happy to announce that members have the opportunity to place their company name and logo on these weekly communication pieces at a very affordable cost compared to the value received as noted by the measurable increases in both impressions and click through rates.

Our e-blasts have an average Open Rate of 43.4% which is 8% higher than industry average and an average Click Through Rate (CTR) of 3.4% which is 1.5% higher than industry average..

Monday Average Open Rate - 43.9% Wednesday Average Open Rate - 42.6% Friday Average Open Rate - 43.7%

Monday Average CTR - 3.5% Wednesday Average CTR - 3.3% Friday Average CTR - 3.3%

Monday Business Brief

We send to membership only, a newsletter that contains business information and resources providing readership with news their businesses can actually use.
