- Alec leading discussion on merits of considering tier-based model of dues. Frank, consultant quoted \$3k to implement transition to new model. As a prerequisite, discussed dues audit to bolster any proposed changes to current dues model. Discussion around tier system.
- Alec shared with us audit of non-profit membership, and changes to FTE model. Finance committee agrees we're still exploring the merits of the switch, noting need for more due diligence, including understanding what neighboring chambers are doing for their system.
